

Purse Gift Card Holder

by Jackie Topa

Supplies

Curvy Corner Trio Punch
Petite Petals Punch
Banner Punch
1-1/4" Circle Punch
Corner Rounder
DSP 6" x 8" (purse)
Whisper White 2" x 3-1/4" (mat)
Whisper White 2" x 3-1/2" (flap)
Scraps of card stock for flowers
Paper Trimmer and Scoring Blade
Mini Brad
Coordinating Marker
Adhesive Remover
Piercing Tool

1. Score one short side of the 6" x 8" DSP at 1/4" then cut off a strip at 1/2". This will be the purse handle. Set it aside for now.

2. Score the short sides at 2" and 5-1/2".

3. Score the long sides at 2-3/8" and 3-5/8"

4. Fold the short sides in to form a tube and glue shut at the seam. Fold the tube at the other score lines.
5. Fold the short sides in to form a tube and glue shut at the seam. Fold the tube at the other score lines.
6. Stick the Circle Punch into one of the tube ends and punch a part circle in the pocket where the gift card will go.

7. Score the 2" x 3-1/2" Whisper White flap @ 3/4" along one of the long sides

8. Round the corners with the Corner Rounder or the Curvy Corner Trio Punch.

9. Round the corners on the Whisper White 2" x 3-1/4" mat and glue it inside the purse on the opposite side as the pocket with the punched circle.

11. Fold over the flap and make a mark where the brad should go and make a hole.

10. Glue the flap to the back panel of the purse.

12. Punch a couple of flowers or other shapes to go with your brad so it's large enough to hold the flap down.

13. Use the Banner Punch to trim the ends of the handle and glue it to the flap.
